# Boost your sales.

The Hörmann partner programme provides you with a great number of furnishing elements and advertising media for indoor and outdoor use in your showroom. Use the Hörmann partner programme and increase your sales with a professional display! Order directly from your Hörmann consultant. On request, we can also plan your exhibition space with the requested articles from the partner programme.

**Advertising media  
for indoor use**

**HIGH-QUALITY DISPLAY.** Use these customised modules and offer your customers palpable Hörmann quality in a professional setting. This facilitates your sales discussions, the product advantages become easily perceived and you can quickly and securely gain the approval of your customers.

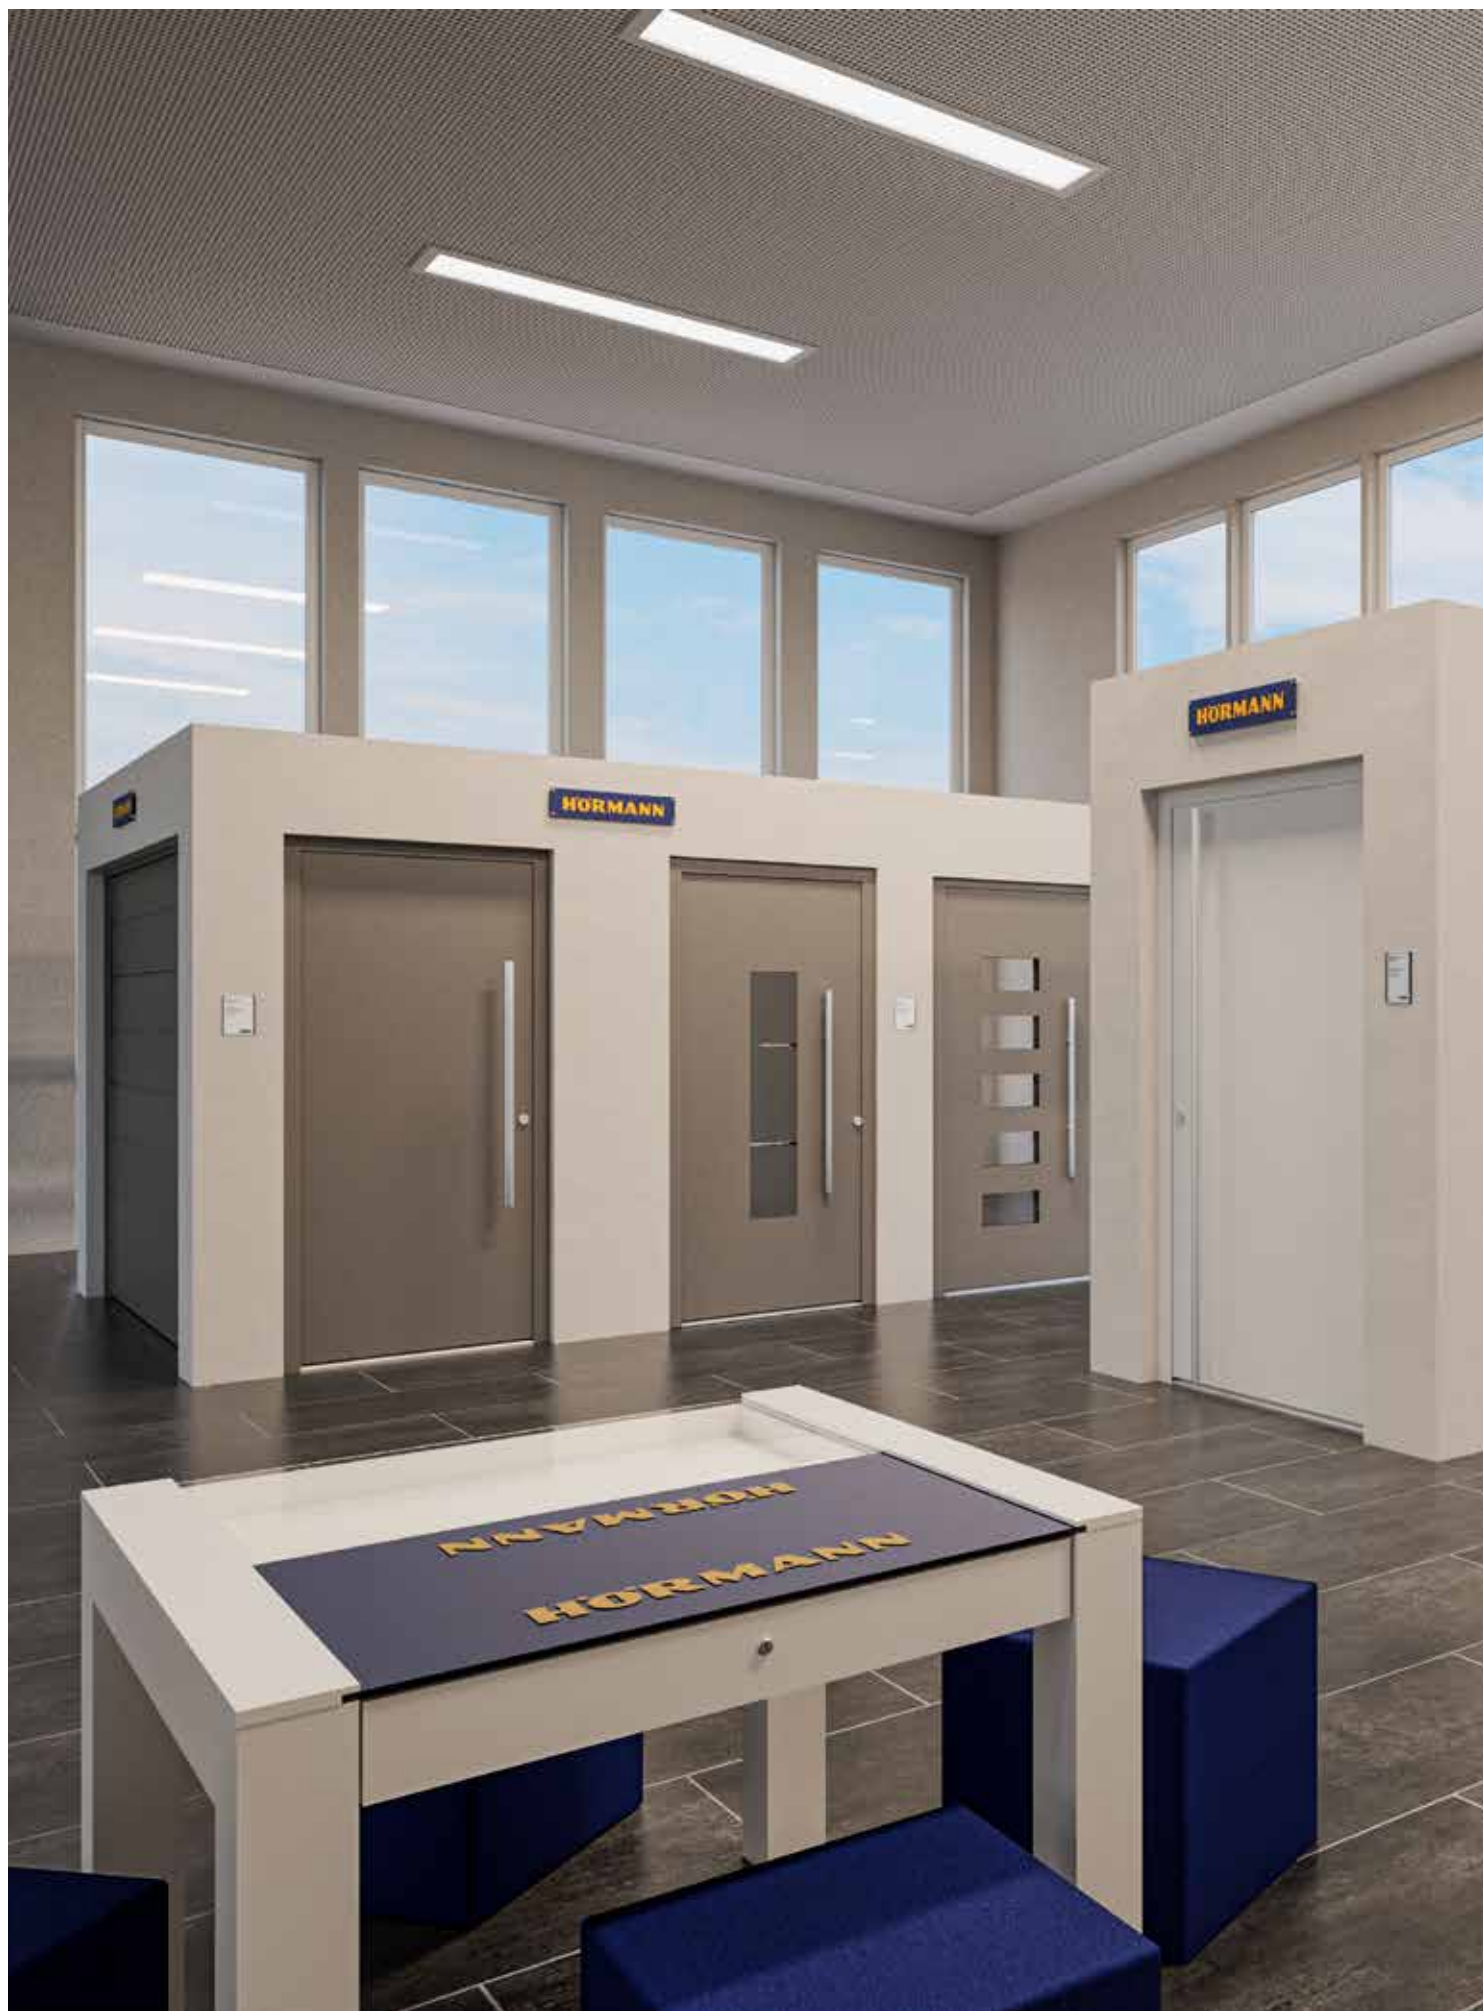

**Advertising media  
for outdoor use**

**STRIKING OUTDOOR ADVERTISING MATERIAL.** Nothing is more attention-grabbing than well-designed exterior advertising. You can use emotional large-format designs and high-quality signs to upgrade your commercial building and with the true-to-the-original concrete pre-fabricated garage, you can realistically present your product range for doors and garage doors on your company premises.

**Advertising media  
for indoor and  
outdoor use**

**FLEXIBLE USE.** Inspire your customers in your showroom or on your company premises with convincing presentation concepts. We support you with high-quality advertising media and you benefit from the high recognition and popularity of the Hörmann brand.

# Garage door stands

**HÖRMANN QUALITY DISPLAYED REALISTICALLY.** Impress customers in your showroom with the exclusive steel door stands, which not only impressively showcase Hörmann garage doors, but also Hörmann entrance doors and steel doors. The sturdy steel design is available with a plaster-like texture or a smooth surface finish. The concrete pre-fabricated garage allows you to present Hörmann products in a well-protected and eye-catching way outdoors.

→ For further information, see from page 22.

BOTTOM RIGHT. Exclusive steel door stand with fitting set for 3 entrance doors or garage side doors

# Door stand

**MAKING HÖRMANN QUALITY VISIBLE.** For a uniform exhibition concept, you can obtain the exclusive steel door stands for entrance and steel doors in the same surface finishes as the exclusive steel door stands. In addition, you can impressively present Hörmann timber or glass residential internal doors in the exclusive timber door stands. The smooth surface finish of the exclusive timber door stands is available in subtle Light grey or elegant Anthracite grey on request.

→ For further information, see from page 24.

(version 3: T-shaped)

## Presenters and displays

### **DECISION-MAKING AIDS FOR GREATER CUSTOMER SATISFACTION.**

Your customers take a lot of time to select the right colour or decor, the surface finish and the door style. After all, it is about finding the optimal match to their individual taste and the architecture of their home. With the new consultation cabinet for sectional garage doors, you can show your customers all surface finishes, colours and decors each with two panel samples and colour sample folders, taking up a space of just 0.5 m<sup>2</sup>. Hint: Start your sales talk at the consultation cabinet and then call up the door configurator on the Hörmann website. This way you can give professional advice on all combination options available for sale.

→ For further information, see from page 38.

### **PRACTICAL PRESENTATION OF SOPHISTICATED TECHNOLOGY.**

Our door operators offer outstanding quality and reliability. Demonstrate the product advantages to your customers as realistically as possible with the door operator display or operator pylons. You offer true added value with the Hörmann operator accessories. Display hand transmitters and other control elements in high-quality display cases to generate your customers' interest.

→ For further information, see from page 44.

TOP LEFT. Banner display in the door and garage door stands

TOP CENTRE. Perspex prints for wall fitting

TOP RIGHT. Ambience style in aluminium frame

BOTTOM. Large-format style in aluminium frame and meeting table with stools

## POS advertising media

**A CONSISTENT APPROACH TO BOOST SALES.** Inspire your customers with attractive ambiance images in the form of high-quality Perspex prints. Banner displays offer additional arguments that you can use during sales discussions. Ambience styles, such as for aluminium frames, help you create an even more inviting atmosphere in your showroom.

→ For further information, see from page 48.

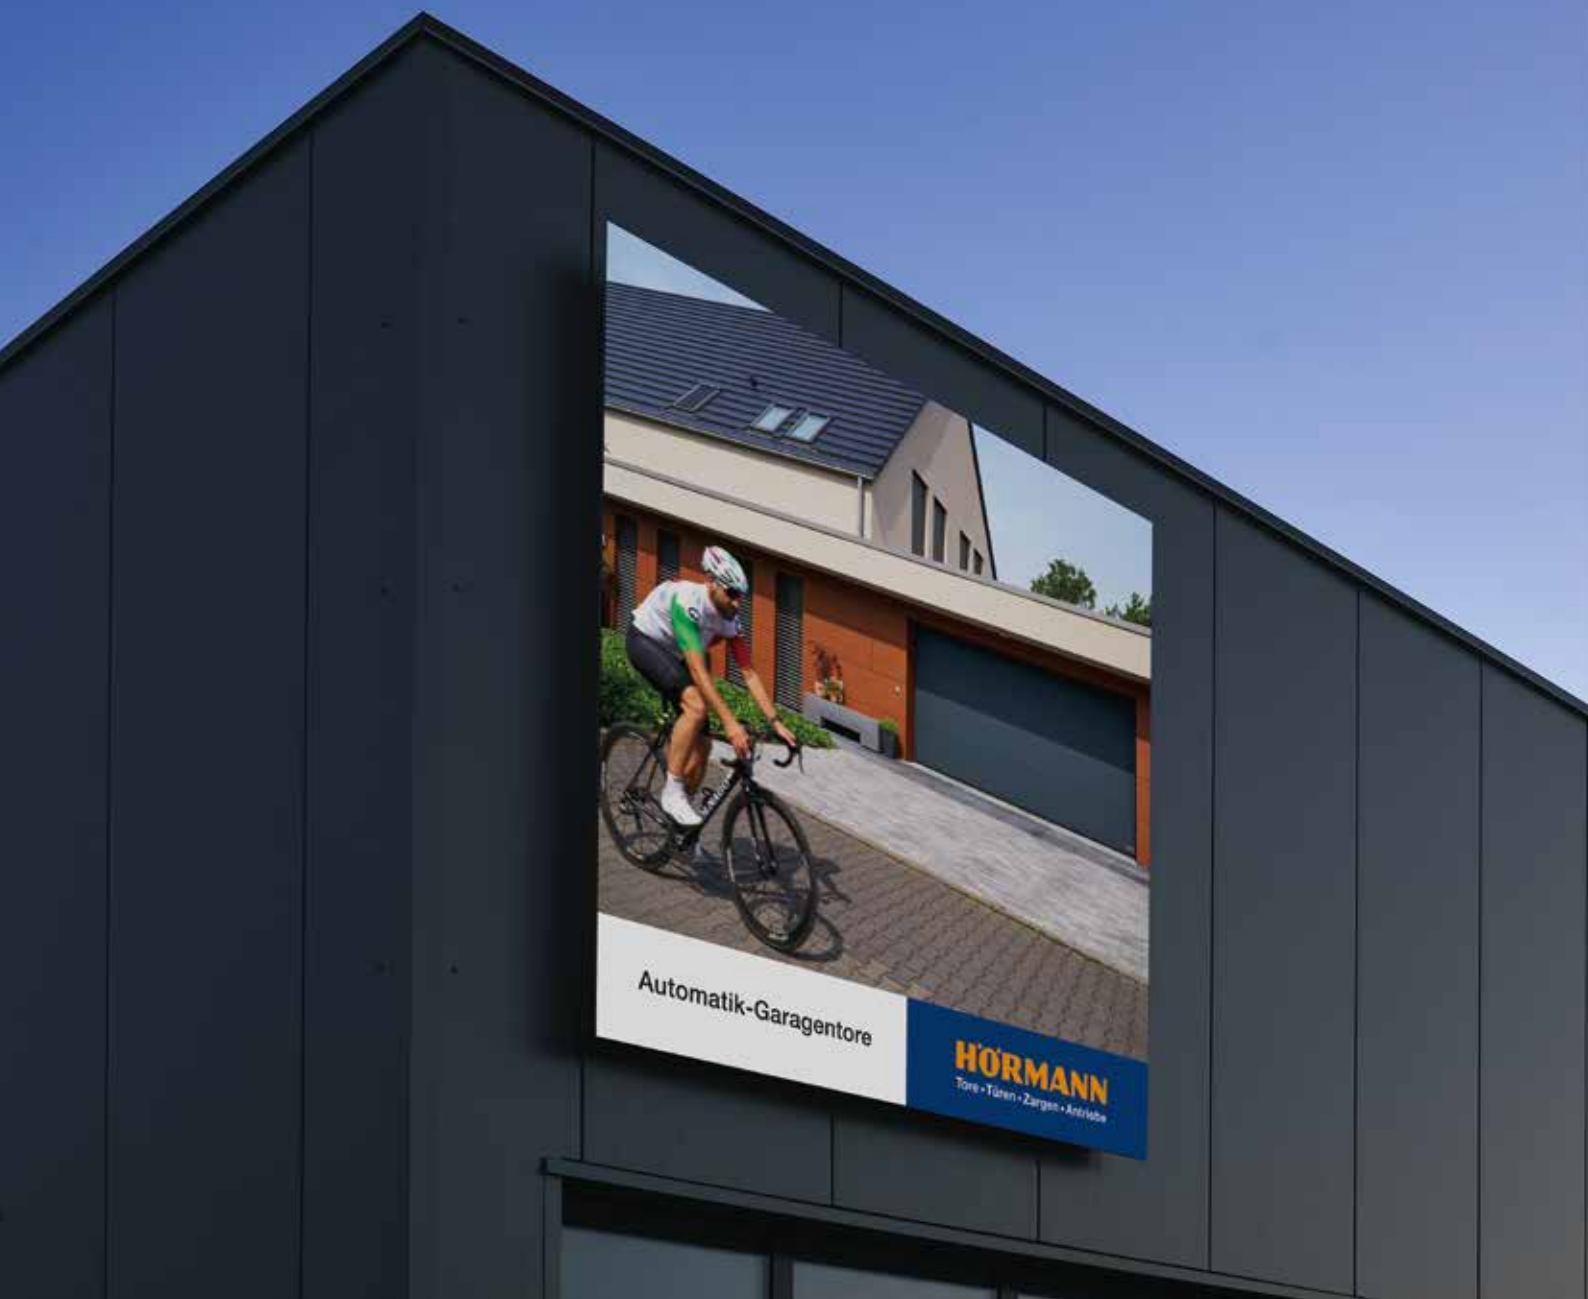

# Large-format advertising

**ATTENTION ALREADY FROM THE OUTSIDE.** Place exterior advertising signs near construction sites or at your location to generate interest on-site. The constant advertising presence, including the various exterior advertising media, supports your image of a competent partner for doors and garage doors.

→ For further information, see from page 60.

# Concrete pre-fabricated garage for doors and garage doors

Description and fitting variants

## Concrete pre-fabricated garage

For presenting the following Hörmann products:

- 1 Sectional garage door with track application N and operator SupraMatic, 2500 × 2250 mm
- 2 Sectional garage door with track application Z and operator ProMatic, 2500 × 2125 mm
- 3 Entrance doors
- 4 Garage side doors NT 60 with block frame type 1 opening inwards

Alternatively:

- 5 Sheet steel doors with block frame

The door openings are individually adjusted according to the ordering sizes of display doors.

The concrete pre-fabricated garage is available with or without lighting.

## Please note:

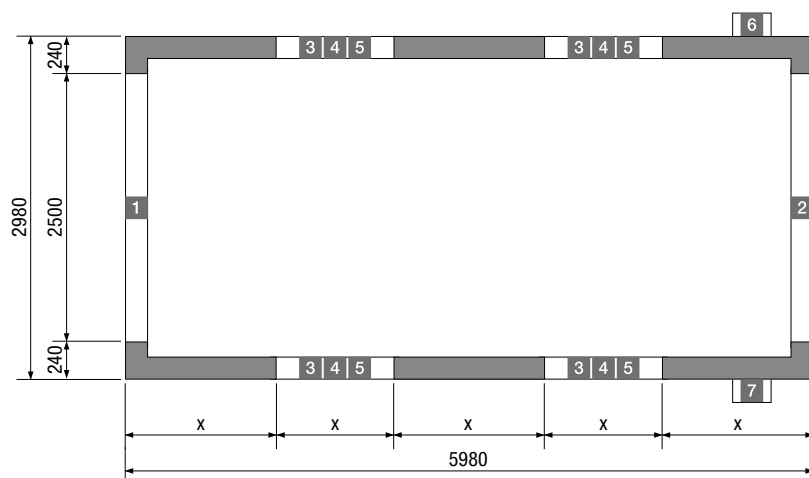

The necessary foundation work must be completed on-site for delivery of the concrete pre-fabricated garage. Water and power connections must be clarified and prepared before delivery. For delivery, 11 metres of manoeuvring space (depth) must be available in front of the garage. This area must be gravelled and sealed for lorries up to 30 t.

The downpipe for drainage is located outside and can either be positioned right 6 or left 7 of the door with track application Z.

Individual quotation available from Hörmann KG  
Verkaufsgesellschaft Marketing Communication on request.

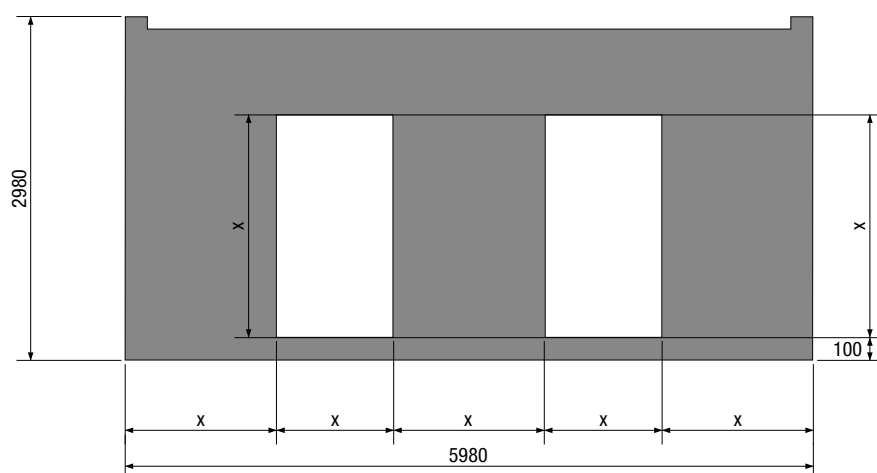

### Floor plan

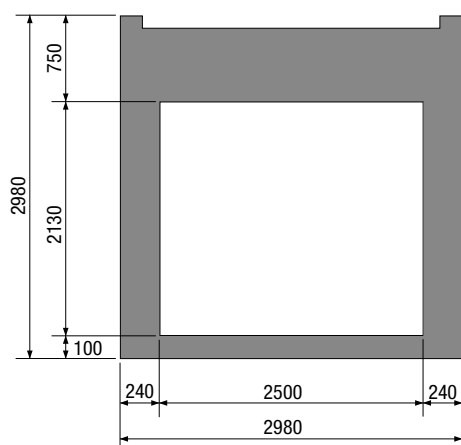

x = The door openings are individually adjusted according to the ordering sizes of display doors.

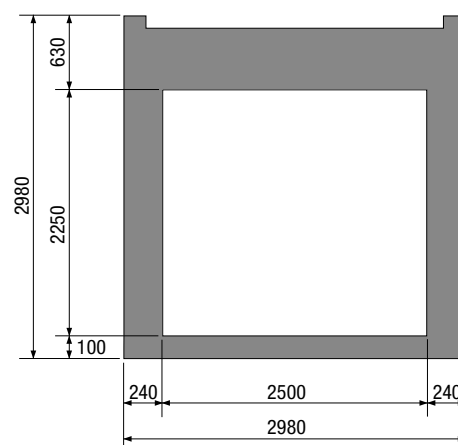

### Side view of door openings

### Side view of door opening with track application Z
